## TIPS & TRICKS

Wet hair is prone to breakage, keep a **Wet Brush Pro Detangling Comb** in the shower to gently detangle your hair and comb through your conditioner or treatment. Always start from the bottom working your way up to the roots.

Protect your hair from the elements with **Wella Ultimate Repair Leave-in Treatment** with AHA and Omega-9. Thermal and UV protection, repairs and smoothens all hair types.

Sensitive, itchy or oily scalp? Not sure why? The **DeLorenzo Tricho** range can help. **Balance** for flaky, dandruff or psoriasis relief. **Control** for oily relief. **Sensitive** (fragrance free) for relief from burning, stinging, itching and reddening. Enriched with probiotics. Sulphate and paraben free.

Transitioning to winter... Give your hair that extra food to help from the extremities of the summer elements. Use the NEW **Matrix Food for Soft Rich Hydrating Treatment Mask** that has just arrived in stores and online.

Is your hair feeling dry and frazzled from winter? **Hi-Pro-Pac Keratin Protein No Frizz Hair Treatment** is an intense hair treatment which restores keratin proteins for stronger, smoother hair. It hydrates hair while infusing keratin proteins, giving hair strength, shine, and leaving hair frizz free and smooth. Created for all hair types including colour and chemically treated hair. Improves and extends the results of salon and at home keratin treatments.

Looking for a strong hold hairspray with shine? Try **Joico Power Spray**, firm yet flexible fast drying long lasting hold.

A good hydrating shampoo and conditioner is a must have for winter. Try **Wella Invigo Nutri-Enrich** with moisturizing goji berry.

The **Scalp Treatments Relief** has amazing results when used as a night cream. Intensely moisturises with the probiotics creating a protective layer over the problem area and lowering the risks of unwanted organisms and bacteria. This softens and loosens the dead skin cells therefore relieving the problem.

Winter is the perfect time to start using products that moisturize. Especially for the curly girls and boys. **Wella Nutricurls** has lots of options. All products are sulphate free and contain moisturizing ingredients to keep dry, frizzy hair at bay. Start your routine with either **Lightweight Shampoo for Waves** or **Medium Shampoo for Curls** then **Detangling Conditioner** or **Mask**. **Cleansing Conditioner** is a great option for in between washes to not overdo it. **Milky Waves** is perfect for added moisture if needed and finish off with **Curlixir Balm** for a bit of natural/soft hold. All Nutricurls products have different moisture levels so they are perfect to customise for your hair.

Using an oil-based hair mask will allow the moisture to last longer in winter. **Wella Invigo Nutri-Enrich Warming Express Mask** has almond oil and apricot extract, both nourishing the hair. Quick and easy to use in the shower Apply to mid lengths and ends with 30 second activating power then rinse. Follow up with their leave in **Nutri-Enrich Wonder Balm** for an extra layer of protection.
